1100, 1500, 1800 kg are also available																	

Note

#1: Depending on your vehicle model, please refer to the tables below and see the required stock parts

#2: The teeth number on the spline is 26

#3: The teeth number on the spline is 21, the outside diameter 27mm

#4: The Nissan CSC (Concentric Slave Cylinder) is removed and the activation is converted to ATS clutch fork, bearing&bearing sleeve, and slave cylinder.

**ATS big slave cylinder (bigger than NISMO) & all the necessary parts for the conversion are included.**

**As an option, mesh clutch line is offered at \$125.00 as an excellent heat protection.**

#11: L at the end of the product number indicates a lighter flywheel

#15: Silent type. The flywheel is not included. The stock dual mass flywheel is utilized

#16: The total weight is 9.8kg (flywheel 5.2kg) which is about the half of the stock clutch. This is a racing version with significantly less mass inertia.

Required stock Nissan parts to install the ATS clutches

**Please note that the prices may not reflect the current correct ones. Please check with your Nissan parts dealer.**
